INTRODUCTION

Welcome to my **Featured Guide** for *Grand Theft Auto: San Andreas*.

Here you will find guides to all the hidden items locations such as gang tags, horseshoes and oysters. You will also find guides to unique jumps & bonus missions. You will also find maps covering all three islands. I've included checklists in pdf format, to help you keep track of your progress in the game.

Since there are a lot of different ways to solve the main missions, I won't give an in-depth description on how to do so, just what needs to be done and a simple description of the solution. Some of the mission tasks that characters give you can not be completed all at once, but it will say so in the guide. This also goes for some of the bonus missions.

Good luck and have fun playing!

MISSIONS - MELVIN 'BIG SMOKE' HARRIS

1. OG Loc

Unlock: OG Loc Missions

Reward: Respect +

First make sure you have some kind of weapon with you since it will make this mission a lot easier. After some driving and cutscenes you end up with OG Loc outside Freddy's house. Walk into the red marker outside his door and watch another cutscene. When Freddy takes off, follow him on the PCJ. Freddy will stop and wait for you if you fall off your bike. After a while Freddy will stop and get off his bike. Kill him then drive OG Loc to his new job at the Burger Shot to complete the mission.

2. Running Dog

Unlock: -

Reward: Respect +

First get a gun. Then drive to the dot on your map. After the cutscene, run after the Vago and kill him to complete the mission.

3. Wrong Side of the Tracks

Unlock: -

Reward: Respect +

Get into the car with Big Smoke and drive to Unity Station. Get on the bike and follow the train. You need to drive side by side with the locomotive so Big Smoke can hit the Vagos. When Big Smoke tells you to take the high road, go up on the dirt road to the right. When all the four Vagos are dead, drive Big Smoke home again to complete the mission.

4. Just Business

Unlock: -

Reward: Respect +

Get into the car with Big Smoke and drive to the dot on your map. After the cutscene you have to kill all the Russians, make sure to pick up their cash and guns when they are dead if you need it. Then follow Big Smoke outside where there are more Russians. Kill them as well to start another cutscene where you and Big Smoke gets on a bike. Now you are being followed by the Russians on both bikes, in cars and even a trailer! Take out all the Russians without getting your bike damage down. You have a damage bar in your right, top corner. When you manage to get away from all of them, Big Smoke drives home and the mission is complete.

MISSIONS - JEFFEREY 'OG LOC' MARTIN

1. Life's a Beach

Unlock: Dancing contest on the beach

Reward: Respect +

After the cutscene, get into a car and head down to the beach. Walk up to the red marker by the DJ. Give positive answers until the dance competition starts. Get more than 4000 points to win. Give a positive answer when the DJ asks you to get into the van. Drive away with the van and head to the garage marked by a dot on your map. You will be followed but they are easy to handle. Drive into the red marker to complete the mission.

2. Madd Dogg's Rhymes

Unlock: Tenpenny Missions

Reward: Respect +

Drive to Madd Dogg's house which is marked with a dot on your map. The entrance is at the back of the house. Get inside and watch the short tutorial cutscene. Sneak up on the first guard and stealthkill him. Walk inside. After the next cutscene, directly sneak up behind the next guard and stealthkill him. Do the same with the next guard. Sneak past the bar while crouching, then stealthkill the gang member sitting in the couch playing videogames. Continue into the house around two corners. When you come to a corner with a dark opening to the left (you can spot an armor inside the dark room), go through that room getting the armor. Turn right and stealthkill the guard standing there. To your left is the studio with the rhyme book. Pick it up. Now you can just run out of the house the same way you got in, killing all the guards you meet. When you get out, drive back to OG Loc at the Burger Shot to complete the mission.

3. Management Issues

Unlock: -

Reward: Respect +

Get a car and drive to the dot on your map. Hit the marked car to get the driver to get out of it. Kill him and take the car. Drive to a Pay'n'Spray to get it fixed. Now drive to the dot on your map without crashing the car. Park inbetween the two other cars and wait. Drive inbetween the two cars to pick up the manager. When he gets into the car, drive away to the new dot on your map. When you reach the end of the pier, press Triangle to bail out of the car and watch the short cutscene. Drive back to OG Loc. After a new cutscene you will have a new spot back in the Grove where you activate OG's last mission.

4. House Party

Unlock: -

Reward: -

After the cutscenes you have to kill all the Ballas attacking you. If you need it, grab their guns and money. Kill the next bunch of Ballas up on the bridge. The next wave of Ballas will come from everywhere so watch your back, and watch Sweet's life since the mission will be over if he dies. When all the Ballas are dead you have completed the mission.
